

MIGHTY-RIGHT™

RIGHT ANGLE IMPACT DRIVER

Smallest, lightest, most maneuverable impact driver on earth.

Booth #531

Feb 15-17, San Antonio, TX

Booth #1468

Feb 16-18, Las Vegas, NV

Use the Mighty-Right™ to drive or remove sheet metal screws in tight spaces and blind spots encountered when installing metal duct work, including access into small diffuser boxes and equipment enclosures.

An external belt-clip mounted battery pack stays clear of work and won't weigh down or unbalance one hand tool operation.

The 5-foot (1.5 m) battery cable provides generous reach.

**Check out the video at
www.malcotools.com**

A unique LED light integrated into bit area sight line features a separate on / off switch.

• 7.2 VDC • 1/4" Hex Socket Drive • 1400 RPM • 140 in-lbs Torque

Kit Includes: Two belt-clip-mount, lithium-ion battery packs; a long-reach battery cable, a 1-hour recharger and four low profile bits consisting of 1/4" and 5/16" Magnetic Hex bits and #1 and #2 Robertson square bits.
