

TurboShear

SHEAR HD

POWER!

NEW Streamlined Design

Make your power drill a Power Shear Instantly!

- Sleek Lightweight Shear Head for easier access & greater control.
- Compact Telescoping Drill Clamp fits both length and width of drill housing, including smaller Lithium-ion models.
- Wide opening jaws navigate mild profiles, layered metal and seams!
- Long lasting blades make fast, smooth trim cuts and tight left circular or square cuts in metal ductwork and metal roofing and building panels.
- 18-Gauge Capacity
- Long-Life, Dual Ball Bearings.
- Non-slip flats on drive shaft.
- Blind cuts require a 1" (25.4 mm) starting hole.

Easily Navigate Metal Roofing Panels

Clean Curved Cuts

Tight Square Cuts
